

# Celebrate learning this Festive Season!

## Take a UCT short course for educators.

### Internet Basics for Educators

**When?** Dec. 13\*-15 (Tu-Th)

**Where?** University of Cape Town, Upper Campus

**How much?** R375

Acquire the skills to more efficiently locate the information you need to support teaching and learning goals, while becoming familiar with a number of online tools that foster dynamic use of the Internet for teaching and learning.

### Google Earth for Educators

**When?** Dec. 13\*-15 (Tu-Th)

**Where?** University of Cape Town, Upper Campus

**How much?** R375

Explore Earth's geographic features, control and customize the information that Google Earth displays, and learn to create a database of places of interest. The course is designed for teachers of Earth, Natural, and Life Sciences, as well as Geography, History, and Social Sciences.

### Interactive Whiteboard for Maths Teaching

**When?** Dec. 13\*-14 (Tu-Wed)

**Where?** Rocklands Primary, Mitchells Plain

**How much?** R375

Engage in hands-on, practical experiences using the interactive whiteboard (e.g. SMART™ Board) to develop engaging lessons that clearly demonstrate mathematical concepts to learners. For **Secondary** Mathematics and Maths Literacy teachers. (Primary teachers' course coming in 2012!)
